

Caprica Software Limited

**Discount Scheme for
Fellow Freelancers or Educational Purposes**

March 2021

From time to time we may offer significant discounts on our standard commercial license fee for a single vlcj license.

We sometimes donate free licenses where the purpose is wholly educational and not-for-profit.

For this to be considered you must be:

1. A freelance developer working for your own company, where you are the only employee.
2. A student or faculty member in an educational establishment engaged on a not-for-profit project where the primary purpose is to promote or support education.
3. An independent video game developer where you agree to donate free licenses for your game (or the equivalent cash value) to a recognised charity with the specific goal of helping disabled young people or young people with serious medical conditions play video games.

In addition to the above:

4. You, your company, or your educational organisation, must not be working in any sort of sub-contractor relationship where some client or other entity is paying you for your work or otherwise sponsoring it.

If you think you qualify for this discount, apply via the info@capricasoftware.co.uk email address.

The discount offer is purely discretionary and is considered on a case-by-case basis. The discount offer may be declined or withdrawn at any time without reason and without prior notice.
